INTERESTS	Natural Language Processing, Machine Learning and Social Media.	
EDUCATION	The Ohio State University , Columbus, Ohio, USA	2017-present
	<i>Ph.D. in Computer Science and Engineering</i> GPA - 3.94 / 4.00	
	University of Pennsylvania , Philadelphia, Pennsylvania, USA	2013-2015
	<i>Master of Science in Computer and Information Science</i> GPA - 3.64 / 4.00	
	International Institute of Information Technology , Hyderabad, India	2009-2013
	<i>Bachelor of Technology(Honors) in Computer Science and Engineering</i> GPA - 9.07 / 10.00	
PUBLICATIONS	<i>Neural CRF Model for Sentence Alignment in Text Simplification</i> Chao Jiang, Mounica Maddela , Wuwei Lan, Yang Zhong, Wei Xu Proceedings of ACL 2020, long paper	
	<i>Code and Named Entity Recognition in StackOverflow</i> Jeniya Tabassum, Mounica Maddela , Wei Xu, Alan Ritter Proceedings of ACL 2020, long paper	
	<i>Multi-task Pairwise Neural Ranking for Hashtag Segmentation</i> Mounica Maddela , Wei Xu and Daniel Preotjiuc-Pietro Proceedings of ACL 2019, long paper	
	<i>A Word-Complexity Lexicon and A Neural Readability Ranking Model for Lexical Simplification.</i> Mounica Maddela and Wei Xu Proceedings of EMNLP 2018, long paper	
RESEARCH EXPERIENCE	Graduate Research Assistant, OSU <i>Advisor: Dr. Wei Xu</i>	08/2017 - present
	Text Simplification Currently designing novel neural model for sentence simplification task.	
	Hashtag Segmentation Developed a novel neural model to break a hashtag into its constituent words. Our approach addresses the diverse language style in social media and also adapts to the type of hashtag. Our model outperformed the state-of-the-art by 1.8 points in F1 and also improved the performance of the downstream sentiment analysis task by 2.4 points in F1.	
	Lexical Simplification Designed a neural model to replace complex words in a sentence with simpler words. Our approach uses a combination of human judgments and linguistic features to estimate the readability of any given word or phrase.	
	Code and Named Entity Recognition Developed a classifier that captures word spelling patterns to predict how likely the input word can be a code token without any sentential context. When combined with a BERT-based Named Entity Recognizer, the classifier has shown to improve the recognizer performance on StackOverflow posts by 2.7 points in F1.	

	Independent Study Project, UPENN <i>Advisor: Dr. Lyle Ungar</i> Captured the different sources and interpretations of well-being across various countries by analyzing the distribution of sentiment words.	01/2014 - 05/2015
INDUSTRY EXPERIENCE	Software Development Engineer Big Data Technologies, Amazon, Seattle Improved data job monitoring experience in DataNet, one of Amazon's internal data management systems. Migrated the back-end legacy systems in DataNet from Oracle to Amazon Web Services.	06/2015 - 07/2017
	Software Development Intern Big Data Technologies, Amazon, Seattle Developed natural language interface to help customers communicate with Grasshopper, a SQL query builder system.	06/2014 - 08/2014
	Text Mining Intern SetuServ, Hyderabad, India Worked on text analytics tasks like sentiment analysis of tweets posted during a clinical conference and categorization of credit card transactions.	06/2013 - 08/2013
AWARDS	The Ohio State University PhD Fellowship for 2017-2018 Research Award for undergraduate students at IIIT-H for 2011-2012 Deans Academic Award List for all the 8 semesters (Fall 2009 - Spring 2013)	
TECHNICAL SKILLS	Programming Languages : Python, Java, C++, C, MATLAB NLP and Data Mining Tools : Fairseq, PyTorch, Stanford CoreNLP, Stanford Topic Modelling Toolbox, MALLET, Scikit, NLTK, WEKA Version 3.7 Cloud Computing : Amazon EC2, Amazon CloudSearch.	
TALKS	Multi-task Pairwise Neural Ranking for Hashtag Segmentation AI Seminar, OSU, August 2019 A Word-Complexity Lexicon and A Neural Readability Ranking Model for Lexical Simplification AI Seminar, OSU, October 2018 Clippers Meeting, OSU, November 2018 Midwest Speech and Language Days, May 2019 Lexical Simplification Guest Speaker, CSE 3521, March 2019	
SERVICES	Reviewer for ACL 2020, AAAI 2020, NAACL 2019, EMNLP 2019, W-NUT 2019 Women in Engineering Graduate Council Member (OSU)	
AFFILIATIONS	Association for Computational Linguistics (ACL)	
TEACHING	Graduate Teaching Assistant for Speech and Language Processing (OSU) Graduate Teaching Assistant for Internet and Web Systems (UPENN) Graduate Teaching Assistant for Computational Linguistics (UPENN) Undergraduate Teaching Assistant for Introduction to Databases (IIIT)
